

# MEMO

**To:** Chief Falese

**From:** \_\_\_\_\_

**Subject:** Report of entry into IDLH without Initial Rapid Intervention Crew (IRIC) established

**Date:** \_\_\_\_\_

The company officer operating at an incident within the exceptions outlined in Policy # 2023.01 must submit a written report, through the Battalion Chief, detailing the specifics of the incident:

Date: \_\_\_\_\_

Time of Incident: \_\_\_\_\_ Alarm Number: \_\_\_\_\_

Address: \_\_\_\_\_

Company: \_\_\_\_\_

The following conditions existed that caused me to direct my company to enter an Immediately Dangerous to Life and Health (IDLH) atmosphere prior to the establishment of an Initial Rapid Intervention Crew:

Rescue:     \_\_\_ Observation of trapped occupant(s)  
              \_\_\_ Bystanders advising firefighters of the need for rescue  
              \_\_\_ Residence, during late night or early morning hours, with signs of occupancy

Fire Attack: \_\_\_ The IDLH atmosphere was limited to a structural compartment which provided significant barrier between firefighters and the IDLH atmosphere

Narrative specific to Policy # 2023.01 indicating my reasoning for the exception;
